## About Me

A visual graphic designer responsible for basic graphic design content for a medium-sized firm. Worked regularly on graphic, layout, and production materials. Developed a decent volume of graphic design projects (logos, brochures, advertisements, infographics).

## Experience

### Informatics Institute

Layout Designer

I was responsible for crafting the design and structure of ICONS Magazine, contributing to every stage of the project, including its conceptualization, design, and overall development.

### Allied Enterprises

IT Support (FWC)

Participated in the technical support for the Fifa World Cup online portal "Hayya". I was responsible in troubleshooting problems, bugs and inquiries regarding the system.

### FIFA WORLD CUP

Transport Supervisor

Participated in the Transport Services Team as a supervisor. I had the responsibility of ensuring that transportation services were promptly arranged for FIFA guests and committee members upon their arrival at the airport.

## Education

2024  
Fanshawe College  
Interactive  
Media Design

A current student partaking in Interactive Media Program at Fanshawe Downtown Campus, London ON.
